

water and fire oceans pdf

Best Answer: The salt water can do more damage than the fire. It can kill fresh water plants and vegetation. It causes major rust and corrosion problems with unprotected metals (cars, pipes, buildings). Kill fresh water fishes and other wildlife as it drains and collects in streams, lakes, and ponds. It may ...

to respond to Ocean Beach for Surf rescues incidents. Fleishackers closed in 1971 when a pipeline feeding salt water to the pool suffered insurmountable damage due to storm surf. Attempts were made to fill the pool from the domestic water supply, but because of the size, it could not be chemically treated and was subsequently closed.
