Wildlife-film.com - Wildlife, Natural History

Japan Wildlife Film Festival was first held in 1993, the festival is organized biennially - in Toyama prefecture, Japan. The festival receives over 400 film entries from over 40 countries and is attended by some 40 thousand members of the public who come from all over Japan.

Japan Wildlife Film Festival

Environmental issues have increasingly become a topic in film and television.. Within the last twenty years, commercially successful films with an environmentalism theme have been released theatrically and made by the major Hollywood studios.

List of environmental films - Wikipedia

A natural history film or wildlife film is a documentary film about animals, plants, or other non-human living creatures, usually concentrating on film taken in their natural habitat but also often including footage of trained and captive animals. Sometimes they are about wild animals, plants, or ecosystems in relationship to human beings. Such programmes are most frequently made for television ...
